At Avondale Primary School, we endeavour to protect our students, teachers and families/whanau at school, during EOTC activities and online. We will ensure this safety by collecting parental approval/permission for such activities, fully comply with school policies/procedures around trips/excursions, provide teaching and learning programmes to ensure appropriate communicating and internet use; and strive to ensure strict filtering procedures. Occasionally student work or photographs are used in publicity material (e.g. website) or in displays. Please sign to show you are willing for your child's photograph and/or work to be used in the way.

As a parent/caregiver, it is your responsibility to let us know your preferences for the requests below. Please tick the boxes and sign to show your consent.

School day trip approval
Teachers like to take children on trips as a way of bringing the curriculum to life and to enable things to be taught or experienced that can't be done in a classroom.

Yes No

Permission is given for day trips

School Computer and Internet use Agreement
All students must sign this School Computer and Internet Use Agreement **and** have the signed permission of a parent/caregiver before using the Internet at school. These documents will be kept on file by the teacher in charge of I.C.T. A teacher must be in the room whenever a student uses the Internet, i.e. a student **cannot** be sent to the computer room to use the Internet unsupervised. This also applies to any 'special' use before and after school hours. Students can use the Internet only during class time. Respect the privacy of others and never try to open or change anyone else's files, folders, e-mails or accounts. Report any misuse of any technology, including the internet by others to a teacher.

Yes No

My child is allowed to work on a computer and access the internet

Student Agreement
I have read this School Computer and Internet use Agreement and know the importance of the school rules of computers and the internet.
I know that if I break these rules, I lose the right to use the school computers for a period of time, and the school may take other disciplinary action against me.
